Tanglewood Sports Park Phase III

PRPD is very excited that construction has finally started on the final phase of the development of Tanglewood Sports Park. PRPD leases 1.48 acres at Tanglewood which is currently undeveloped. This land is located immediately east of the Litz Preschool. The Phase III site plan approved by the PRPD Board lists a variety of project components. Included in the site plan are a playground, a picnic pavilion, a gazebo, two bocce courts, a putting green, a concrete loop walking trail, landscaping, and numerous benches and picnic tables. Please see the site plan for this new park development on the following page. These amenities will provide a separate activity area in the northern portion of Tanglewood, while still retaining connectivity to the developed park area to the south.

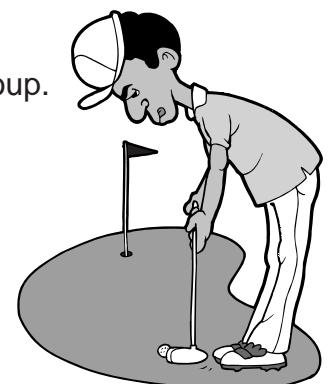

Project completion will be in late 2012, with a Grand Opening to take place in the spring of 2013. The general contractor for the project is Arrow J Landscape and Design Inc. Arrow J has constructed over 100 park and open space projects, including many in the Denver metro area. You can reach Prospect Recreation & Park District at 303-424-2346 if you have questions about the Tanglewood Ph. III Project.

PRPD worked with Jeffco R-1 School District and Jefferson County Open Space to develop an agreement that will allow park users to park a car at the R-1 Litz Preschool facility and then walk across the northern part of the R-1 Litz Preschool property to access the new park development. PRPD wishes to acknowledge the contributions of both R-1 and Open Space in developing this agreement.

The first phase of Tanglewood was completed in 2001 and consisted of site grading and the construction of the athletic fields. Phase II was completed in 2002. This second phase consisted of the construction of the playgrounds and the pavilion/restroom structure. Phase III will complete the development of Tanglewood Sports Park. This final phase is funded by a grant of \$220,000 from Jefferson County Open Space and by matching funds of over \$220,000 from PRPD.

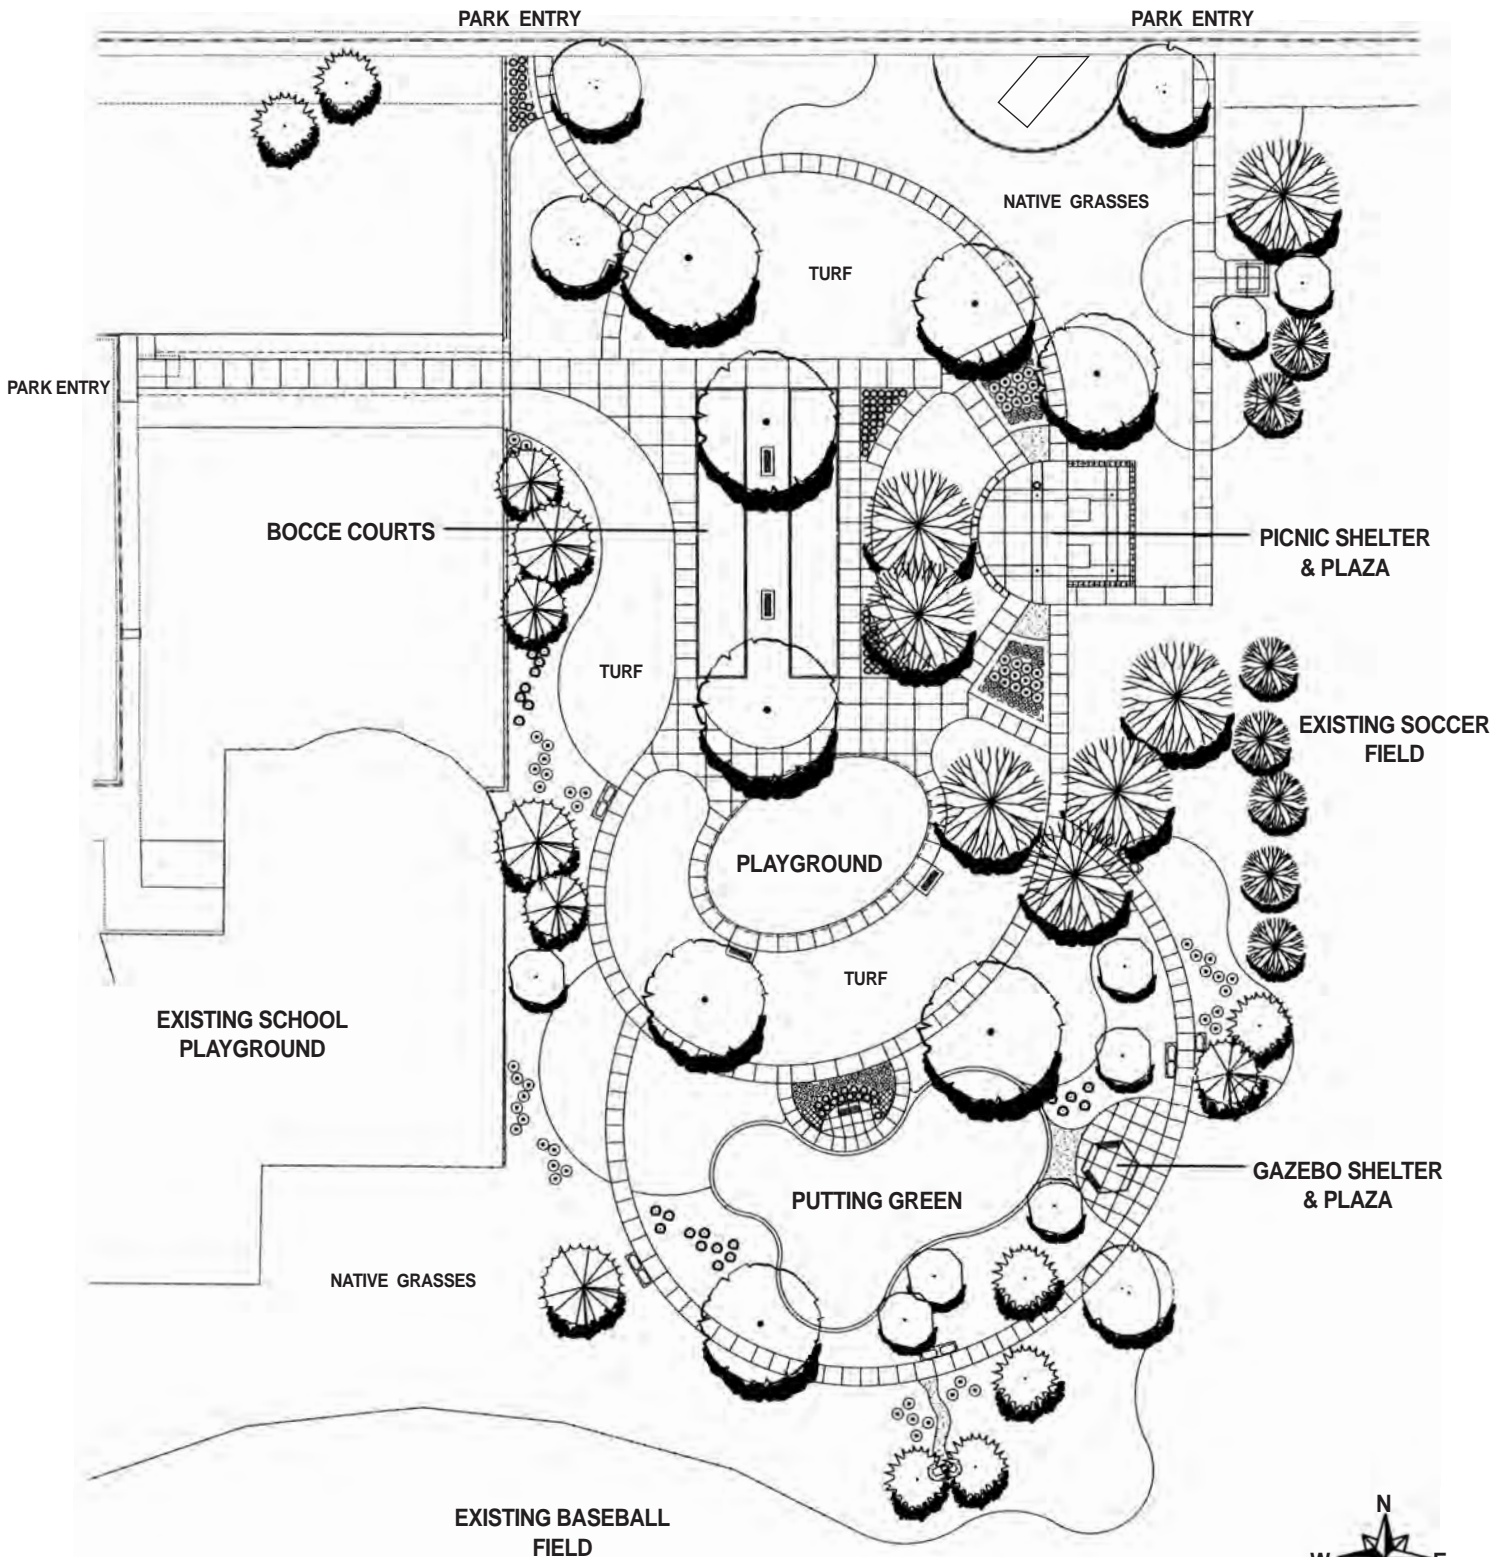

PRPD thanks the following professionals for their expertise and assistance on this project-

- Preliminary Design/Project Management- Bruce Huxley of Huxley Architecture & Design
- Civil Engineering- Jim Blankenship of JLB Engineering Consultants
- Landscape Architecture- Christopher Hoy of Christopher Hoy Design Group.

Tanglewood Sports Park Phase III

20th AVENUE

Holiday Tea

Don your holiday attire and join Santa and friends for an afternoon of entertainment, tea, hot chocolate, and treats.

*Hosted by Prospect Recreation & Park District
